

More And More

While I was looking at the stars
Asking me where you could be
I couldn't find the strength to call you

When she was coming in your life
And showing you her paradise
I felt like I was lost and forgotten

I must admit I miss you
I can't find anything to hold on to
I want to tell you that I miss you
More and more and more

When you were leaving me that day
With all the furniture we bought
I didn't have the courage to stop you
The wall we built between us
Big, strong cold
The fights and conflicts started to hurt me

I must admit I miss you
I can't find anything to hold on to
I want to tell you that I miss you
More and more and more

Is it too late now to want you back
Is it time now to say sorry
Is it too late now to want you back
Is it time now to say

I must admit I miss you
I can't find anything to hold on to
I want to tell you that I miss you
More and more and more

Tell you that I miss you
I can't find anything to hold on to
Tell you that I miss you
More and more and more

I must admit I miss you
I can't find anything to hold on to
I want to tell you that I miss you
More and more and more
